

## EcoPower<sup>®</sup> Hybrid Ventilator Warranty

### Models: EP400, EP600 & EP900

Subject to clauses 1-5 below, CSR Building Products Limited ABN 55 008 631 356 t/as Edmonds<sup>®</sup> (“**Edmonds**”) warrants from the date of purchase, for a period of **TEN (10) YEARS** that the **Edmonds EcoPower Hybrid Ventilator Turbine and Body**, for a period of **TWO (2) YEARS** that the **Electronic Commutating Motor** and for a period of **TWO (2) YEARS** that the **Edmonds damper** (if applicable) will retain its performance characteristics and be free from faulty materials and workmanship (as described in clause 1).

1. For the purposes of this Warranty, evidence of faulty materials or workmanship is limited to a fault:
  - a) preventing the quiet operation of the Edmonds EcoPower Hybrid Ventilator (as reasonably expected from an equivalent (flow rate) mechanical ventilator);
  - b) preventing the powered or unpowered (in suitable weather conditions) rotation of the ventilator; and/or
  - c) which affects the physical integrity of the Edmonds EcoPower Hybrid Ventilator in a manner which negatively impacts on the performance of the Edmonds EcoPower Hybrid Ventilator.

Colour fading of an Edmonds EcoPower Hybrid Ventilator, if consistent with the general fading expected from other roofing materials on which the product is installed, is not regarded as a product fault.

2. This Warranty will immediately terminate and cease to apply if and when an Edmonds EcoPower Hybrid Ventilator is:
  - a) handled, installed or used other than in compliance with the current version (as at the purchase date) of Edmonds “Installation Instructions” for the EcoPower Hybrid Ventilator;
  - b) exposed to conditions which would normally be adverse or harmful to conventional turbine ventilators, including but not limited to:
    - i) wind speeds of 198km/h or greater;
    - ii) damage caused by foreign objects, projectiles or debris (including hail or storm-related debris);
    - iii) prolonged exposure to a highly salty environment;
    - iv) modification(s), particularly to the motor, without the authorisation of Edmonds;
    - v) any usage other than for the sole purpose of ventilating a residential or commercial building, including warehouses, factories, school buildings and garages, UNLESS approved in writing by Edmonds; and/or
    - vi) any chemical agents, corrosive fumes, odour streams and vapours, UNLESS the application and exposure has been approved in writing by Edmonds;
    - vii) exposure to abnormal power surges.
3. This Warranty will only apply to the original installation of the relevant Edmonds EcoPower Hybrid Ventilator (and is subject to presentation of the relevant product receipt), and will immediately terminate upon the removal from the initial installation of such Edmonds EcoPower Hybrid Ventilator. This Warranty does not cover the cost of removal of faulty products or installation of repaired or replacement products.
4. In circumstances where a motor fault is identified during the relevant term of this Warranty, Edmonds, at its discretion, may supply to the owner a replacement motor and instructions for installation. In these circumstances, the owner will be responsible for replacement of the motor.
5. Other than as expressly set out in this Warranty, Edmonds excludes all other warranties with regard to Edmonds EcoPower Hybrid Ventilator, including all implied warranties. In the event that legislation, including the Trade Practices Act 1974 (Cth), implies warranties or conditions, or imposes obligations on Edmonds which cannot be excluded, restricted or modified, this Warranty must be read subject to such statutory provisions. If such statutory provisions apply, to the extent to which Edmonds is able to do so, its liability under these provisions will be limited, at its option, to:
  - a) the replacement of the goods or supply of equivalent goods;
  - b) the repair of the goods;
  - c) the payment of the cost of replacing the goods or of acquiring equivalent goods; or
  - d) the payment of the cost of having the goods repaired.

Edmonds will have no liability arising out of or in connection with special, consequential, direct or indirect loss, damage, harm or injury suffered or incurred as a result of such breach unless and then only to the extent that such a liability is imposed on Edmonds by legislation. Certain other conditions and warranties may be implied by the Act and by State and Territory legislation. Such conditions and warranties are expressly excluded to the extent exclusion is not prohibited pursuant to such legislation.

For any claims or other questions in respect of this EcoPower Hybrid Ventilators Warranty, please contact Edmonds at sales@edmonds.com.au or 1300 858 674
